Misses' Smart Tricotine Frocks

—which in most cases is hardly half of the price for which they were made to sell.

A better opportunity to secure a smart and authentic frock at very little cost could not be imagined. Quite irresistible with its side panelings and sleeve trimmings of cire braid, and its rust-colored duvetyn collar and vestee, is a charming little frock of navy tricotine. Rivaling it is another which shows black braiding, spaced to reveal gleams of silk duvetyn, and still another which relies on elaborate braiding and tiny steel buttons for its special individuality. There is also a delightful little frock that challenges admiration, with a front panel formed entirely of bands of silk duvetyn, stitched with silver—a motif which is repeated on the bell sleeves. Sizes 14, 16, 18 and 20.
